Blending of non-varietal category grapes/juice is permitted, but the non-varietal component must not exceed 25% of the total blend. Interspecific blending is permitted, but must be entered in the proper category. Entries above 4% residual sugar are considered sweet and are to be entered in the appropriate category. All non-grape based wines must be entered into the appropriate category.
3. All fruit/juice (grapes, honey, fruit, etc.) must originate within the 17-state region described as the Atlantic Seaboard in paragraph 1 above. Wines made from sources imported from outside of the 17-state region are not allowed.
4. An unlimited number of entries is allowed. Wineries may enter more than one wine per classification category. Each entry will consist of three (3) 750ml bottles submitted for evaluation. In the case of wines in 375ml bottles, four (4) bottles will be required in the entry. Wines bottled in 500ml bottles require only three (3) bottles.
5. Registration fees are \$50 per entry. Pre-registration is mandatory. To register, fill out the registration form and mail it with the proper fees to Atlantic Seaboard Wine Association, P. O. Box 11332, Burke, Virginia 22009. Checks should be made payable to ASWA. Payment may also be made by credit card via our website, but still mail or scan and e-mail the registration form. Registration should be received prior to the shipment of entries. The deadline for receiving registration is July 20, 2019. Be sure to give the alcoholic level of the wine on the application form. This wine will be clearly superior in its category and have an enological excellence that surpasses all other wines in the competition.

2019 FIFTEENTH ATLANTIC SEABOARD WINE ASSOCIATION® WINE COMPETITION

GUIDELINES AND REGISTRATION, *continued*

8. *Please* forward us the tracking number of shipped wine so that we can ensure proper delivery and/or pick-up. (We have found that some recently shipped packages are possibly not attempted to be delivered and no door tags are left; hence after a period of time, the packages are returned to sender. If we have the tracking number we can avert this situation.) (Also, please do not ship wines until after June 10.)
9. All entries must arrive at Wine Traditions, Ltd. no later than July 27, 2019 to ensure proper classification and processing for the competition. All entries arriving after that time may not be eligible for the competition.
10. All entered wines must be available for sale to the general public by the producing winery. Experimental lots of wine are not permitted.
11. It is planned to conduct the presentation of Best of Show and Best of Category awards on Capitol Hill in the fall following the competition. This will be under the auspices of the Congressional Wine Caucus. The winning wineries will be invited to receive their awards from their respective Congressional State representatives. A tasting of award-winning wines will follow the award presentation. Media releases of all winning wines will be made immediately following the competition.
12. The remaining wines after the competition will be poured in various public marketing and educational programs throughout the year.
13. By placing an entry into the competition, it infers that all the above criteria are met for that wine.
